Purpose and scope

This document outlines the eligibility and conditions for full-time, self-funded international undergraduate applicants to receive the Undergraduate International Community Scholarship (UG ICS) at Aston University for the **September 2027 intake**.

> **AUTOMATIC AWARD: NO APPLICATION NEEDED**
>
> The UG ICS is an automatic scholarship. There is no application process. Applicants who meet the published eligibility criteria and satisfy all conditions will receive the Scholarship, triggered by payment of the programme deposit and subject to successful enrolment.

Eligibility is assessed in line with the published criteria and these Terms and Conditions. The Scholarship is applied by the University using its internal systems and is subject to successful enrolment.

These Terms and Conditions are correct at the time of publication and may be subject to change.

1 GENERAL PROVISIONS

1.1 To be eligible for the Undergraduate International Community Scholarship (UG ICS), applicants must be classified as Overseas for tuition fee purposes.

1.2 Applicants must hold an offer for a full-time, taught undergraduate degree programme delivered on campus at Aston University, Birmingham, commencing in September 2027.

1.3 Applicants must be entering the first year of study of their undergraduate degree programme.

1.3a Applicants must be applying to Aston University directly. Applicants progressing or articulating under any formal partnership, progression, or articulation agreement are not eligible for this Scholarship and should refer to the dedicated partnership scholarship applicable to their route, as set out in clause 2.3.

1.4 Applicants must meet all academic and non-academic conditions stated in their offer letter.

1.5 Applicants must be self-funded. Students whose tuition fees are wholly or partially funded by a sponsor are not eligible, unless the sponsor has an official written agreement with Aston University confirming eligibility for scholarship consideration.

1.6 The UG ICS is an automatic scholarship. There is no application process, and no scholarship application form is required.

1.7 Meeting the eligibility criteria does not create an unconditional entitlement to the Scholarship. The Scholarship is awarded only once all eligibility, offer conditions, deposit payment, and enrolment requirements have been satisfied.

1.8 In order for the scholarship to be applied, applicants must:

- pay the required programme deposit by the deadline stated in their offer letter; and
- successfully enrol by the latest enrolment date for their September 2027 programme.

1.9 These Terms and Conditions constitute the authoritative and governing terms of the Undergraduate International Community Scholarship. In the event of any inconsistency between these Terms and Conditions and information provided by a member of University staff, representative, agent, or third party, whether verbally or in writing, these Terms and Conditions shall prevail. The University shall not be bound by any representation, advice, or information that is inconsistent with these published Terms and Conditions.

2 SCHOLARSHIP BASIS AND EXCLUSIONS

2.1 Automatic, non-competitive award

The Undergraduate International Community Scholarship (UG ICS) is an automatic, non-competitive award for eligible undergraduate applicants. There is no application process.

Eligibility is assessed against the published criteria and these Terms and Conditions. The Scholarship is triggered by payment of the programme deposit and becomes active on successful enrolment.

2.2 Programme exclusions

The following programmes are not eligible for the Undergraduate International Community Scholarship:

- BSc Nursing Studies (Adult Nursing or Mental Health)
- MBChB Medicine
- MOptom Optometry
- MPharm Pharmacy
- BSc Healthcare Science (Audiology)

2.3 Partnership, progression, and articulation exclusions

Applicants progressing or articulating to Aston University under any formal partnership, progression, or articulation agreement are **not eligible** for the Undergraduate International Community Scholarship. Dedicated partnership scholarships are available to these applicants instead.

This exclusion applies regardless of whether the applicant applies for, is offered, accepts, declines, or is found ineligible for the partnership scholarship applicable to their route, and regardless of the value of that award. Declining or failing to secure a partnership scholarship does not create eligibility for the Undergraduate International Community Scholarship.

For the avoidance of doubt, this exclusion includes (but is not limited to) applicants progressing via a foundation, pathway, international year one, or preparatory programme delivered by a partner institution or pathway provider, and applicants articulating from a partner university, in each case under a formally approved agreement with Aston University.

Where an applicant is identified as progressing under a partnership, progression, or articulation agreement at any stage, including after an Undergraduate International Community Scholarship has been offered or applied to the student record, the University reserves the right to withdraw that award and to apply the correct partnership scholarship in its place. The application of an award in error does not create an entitlement.

> **APPLICANTS FROM A PARTNER INSTITUTION**
>
> If you're joining Aston through one of our partner institutions or pathway providers, you have your own dedicated partnership scholarship. Speak to your partner institution or our International Office to confirm which award applies to your route.

2.4 Applicants who remain eligible

Applicants applying to Aston University directly, and who are not progressing under any formal partnership, progression, or articulation agreement, remain eligible, subject to meeting all other eligibility requirements set out in these Terms and Conditions.

Applicants who have completed, or are required to complete, an Aston University pre-sessional or preparatory course (including, but not limited to, pre-sessional English language or study skills programmes) remain eligible, provided they are entering directly into the first year of an eligible undergraduate degree programme and are not progressing under a partnership, progression, or articulation agreement.

Aston University's determination of whether an applicant is progressing under a partnership, progression, or articulation agreement is final.

3 SCHOLARSHIP TRIGGER, ACTIVATION, AND AVAILABILITY

3.1 There is no application process for the Undergraduate International Community Scholarship. Eligible applicants are identified by the University from their applicant record, and no scholarship application form, statement, or supporting submission is required.

3.2 Payment of the required programme deposit by the deadline stated in the offer letter is the trigger for consideration of the Scholarship.

3.2a The deadline for the Scholarship is the offer deadline for the applicant's Aston University application, as stated on their offer letter. Applicants who do not meet the requirements of their offer, including payment of the programme deposit, by that deadline will not receive the Scholarship. The University does not publish a separate scholarship deadline, and offer deadlines may differ between applicants.

3.3 The Scholarship becomes active only upon successful enrolment, which requires the applicant to have:

- met all conditions of their offer;
- paid the required programme deposit;
- successfully enrolled within the required enrolment period and latest arrival date; and
- received a Confirmation of Acceptance for Studies (CAS) and be holding a valid Student visa or another visa type that permits study.

3.4 The Scholarship will be applied to the student record by the University using its internal systems. Where a Scholarship has been applied in error, including due to administrative or system error, Aston University reserves the right to amend or withdraw the award. The application of a Scholarship in error does not create an entitlement.

3.5 The availability of the Undergraduate International Community Scholarship during Clearing or any late application period is not guaranteed. The University reserves the right, at its sole discretion, to allocate, withhold, vary, or withdraw scholarship availability during Clearing, subject to demand and institutional priorities at the time. Where the Scholarship is made available during Clearing, this will be communicated by the University and will remain automatic based on deposit payment and subsequent enrolment.

3.6 The University reserves the right to amend, suspend, or withdraw the Scholarship where required for operational, regulatory, or strategic reasons. Any discretion exercised in individual cases does not create a precedent or entitlement for other applicants.

3.7 Applicants acknowledge that they should not make financial, immigration, or personal decisions in reliance on the expectation of receiving the Scholarship until it has been formally applied following successful enrolment.

4 AWARDING THE SCHOLARSHIP

4.1 The scholarship is awarded as a tuition fee discount applied to the eligible undergraduate programme of study. No cash alternative or cost-of-living payment is available.

4.1a The total value of the Undergraduate International Community Scholarship is **£9,000**, applied as a tuition fee discount across the eligible undergraduate programme of study, distributed as follows:

- Year 1: **£3,000**
- Year 2: **£3,000**
- Final year: **£3,000**

The scholarship applies to taught years only. Placement years, repeated years, and repeated modules are excluded. Year 2 and the final year are awarded automatically on progression, subject to the conditions set out in section 5.

4.1a(i) The Confirmation of Acceptance for Studies (CAS) will show the Scholarship as **£3,000**, being the Year 1 payment only. The Year 2 and final year payments are conditional on successful progression and are not guaranteed at the point the CAS is issued, so they are not shown on the CAS.

4.1b Applicants entering a **Top-up BSc (Hons) programme** (that is, direct entry into the final year of a Bachelor's degree) will receive the Year 1 payment of **£3,000 only**. As a Top-up programme comprises a single year of study, the Year 2 and final-year payments do not apply.

4.2 A student may normally hold only one Aston University scholarship per programme of study. Where a student is eligible for more than one scholarship or tuition fee discount, the award of the highest value will usually apply.

4.2a Notwithstanding clause 4.2, the University reserves the right, at its sole discretion, to permit the Undergraduate International Community Scholarship to be held in combination with a separate, specifically designated scholarship or tuition fee award, where this is expressly approved and communicated by the University.

4.3 The scholarship is not transferable to another applicant, programme, intake, academic year, or institution.

4.4 Scholarships are valid only for the September 2027 intake and cannot be deferred or carried forward to a future intake.

5 RECEIVING AND RETAINING THE SCHOLARSHIP

5.1 The scholarship will be applied to the student's tuition fee account only after:

- the programme deposit has been paid; and
- the student has successfully enrolled within the required enrolment period.

5.2 The scholarship is applied to each taught year of study in line with the payment schedule set out in clause 4.1a. Year 2 and the final year are applied automatically on progression, subject to the conditions in this section.

5.3 Students must remain fully enrolled and in attendance, as defined by Aston University, to retain the scholarship.

5.4 Students who withdraw from Aston University part-way through an academic year will no longer be eligible for the scholarship. Any tuition fee discount already applied may be withdrawn, and the student will be liable for the full tuition fee for that academic year.

5.5 Students repeating modules, whether with or without attendance, are not eligible to receive the scholarship in respect of the repeated study.

5.6 Where a student suspends their studies and takes a Leave of Absence:

- if the Leave of Absence covers a complete academic year, no tuition fee is charged, and no scholarship is payable;
- if the Leave of Absence is taken part-way through an academic year, scholarship eligibility will be assessed in line with Aston University's Tuition Fees Charging Policy and may be adjusted on a pro-rata basis.

6 APPEALS AND FINAL DECISION

6.1 Decisions relating to eligibility and award of the Scholarship are made in accordance with these Terms and Conditions and internal University processes. The University's decision is final.

6.2 Appeals may only be made on the grounds of procedural error, defined strictly as a demonstrable failure by the University to follow these published Terms and Conditions.

6.3 Appeals will not be considered based on:

- academic judgement;
- disagreement with eligibility outcomes;
- failure to pay the programme deposit by the stated deadline;
- failure to enrol by the latest enrolment date;
- changes in personal or financial circumstances;
- comparisons with other applicants or awards made; or
- the availability or non-availability of the Scholarship during Clearing.

6.4 The University is not required to provide individual feedback on eligibility decisions, nor to disclose internal assessments, operational checks, or deliberative materials.

6.5 Where no procedural error is identified, the original decision will stand and will not be reconsidered.

6.6 Appeals must be submitted in writing to the Director of Student and Academic Services within the timeframe specified by the University. Late or incomplete appeals will not be accepted.

6.7 Evidence submitted after the final eligibility decision will not normally be considered unless the applicant can demonstrate that the information could not reasonably have been made available at the time.

6.8 The University will not enter into further correspondence regarding a scholarship decision once the appeals process has concluded.

TERMS AND CONDITIONS VALIDITY

September 2027 intake only (undergraduate)

FURTHER INFORMATION AND ENQUIRIES

All enquiries relating to the Undergraduate International Community Scholarship must be directed to Aston University's International Office.
