Purpose and Scope

This document outlines the eligibility, assessment criteria and conditions for self-funded international applicants progressing to Aston University under a formally approved Progression or Articulation Agreement to be considered for the Global Partnership Scholarship.

The Global Partnership Scholarship applies to all foundation, pathway and university-level programmes delivered under a formal progression or articulation agreement where Aston University does not operate a separate, dedicated or ring-fenced scholarship or fee-discount arrangement for that partnership.

All applications are assessed in line with the published eligibility criteria and these Terms and Conditions. Scholarship awards are subject to University approval and overall availability.

These Terms and Conditions are correct at the time of publication and may be subject to change.

Definitions

For the purposes of these Terms and Conditions:

Progression or Articulation Agreement

A formally approved institutional agreement between Aston University and a partner institution governing academic mapping, entry requirements, progression structure and eligibility framework.

Eligible Partnership Route

Eligible Programme

A full-time undergraduate or postgraduate taught programme delivered at Aston University, excluding programmes listed in Clause 3.

The capped number of scholarships available for the defined intake, determined at the sole discretion of Aston University and not externally published.

Assessment Panel
The internal panel responsible for reviewing and confirming scholarship decisions in accordance with established procedures.

1. General Provisions
1.1 Applicants must be classified as Overseas for tuition fee purposes.

1.2 Applicants must be progressing under a formally approved Progression or Articulation Agreement from an eligible partner institution delivering foundation, pathway, undergraduate or postgraduate study.

1.3 Applicants must hold an offer for a full-time undergraduate or postgraduate taught degree programme delivered at Aston University for the defined intake.

1.4 Applicants must meet all academic and non-academic conditions stated in their offer letter.

1.5 Applicants must be self-funded. Students whose tuition fees are wholly or partially funded by a sponsor are not eligible.

1.6 The Global Partnership Scholarship is a competitive, application-based scholarship. Meeting the eligibility criteria and submitting a scholarship application does not create an entitlement to a scholarship.

1.7 By submitting a scholarship application, applicants confirm their understanding of:

- the competitive nature of the award;
- the conditional assessment process;
- the allocation-based structure; and
- the finality of scholarship decisions.

1.8 In order for the scholarship to be applied, applicants must:

- Submit a completed scholarship application by the published deadline;
- Pay the required programme deposit by the deadline stated in their offer letter; and
- Successfully enrol by the latest enrolment date for the relevant intake.

1.9 The award of a scholarship does not amend, vary or supersede the terms of the applicant's Offer of Admission or Student Contract.

2. Programme Exclusions

The following programmes are not eligible:

- BSc Nursing Studies (Adult Nursing or Mental Health)
- MBChB Medicine
- MOptom Optometry
- BSc Healthcare Science (Audiology)
- PGDip / MSc OSPAP
- MPH
- MSc Physician Associate Practice
- All MRes programmes
- All PhD programmes
- All MBA programmes

3. Scholarship Structure

3.1 The Scholarship has a value of £5,000.

3.2 The Scholarship is awarded as a tuition fee discount applied to the gross published international tuition fee applicable for the academic year of enrolment.

3.3 The Scholarship applies to the first year of study only and does not create entitlement to continuation funding.

3.4 The Scholarship will not reduce or replace the Programme Deposit.

3.5 The Scholarship has no cash value and cannot be exchanged, transferred or offset against accommodation, living costs, immigration costs, repeat study, additional modules, placement years or study abroad years.

4. Scholarship Availability, Assessment and Allocation

4.1 The Global Partnership Scholarship is limited in number. The University sets a capped allocation for each defined intake.

4.2 The University is under no obligation to award a minimum number of scholarships in any intake.

4.3 The Scholarship is a competitive, application-based award. Submission of an application does not guarantee the award of a scholarship.

4.4 Scholarship applications will only be subject to competitive assessment where the number of eligible scholarship applications exceeds the available scholarship allocation.

4.5 Where the number of eligible applications does not exceed the available scholarship allocation, all eligible applicants will be awarded the Scholarship, subject to meeting eligibility, deposit payment and enrolment requirements.

4.6 Where the number of eligible applications exceeds the available scholarship allocation, applications will be assessed competitively, based solely on the applicant's response to the assessed scholarship question contained within the application form.

4.7 In oversubscription scenarios, applications will be evaluated using a consistent internal scoring rubric, applying agreed internal weightings, and reviewed through Aston University's internal scholarship panel and decision-making processes.

4.8 The assessment process follows this sequence:

- Eligibility verification;
- Allocation comparison;
- Competitive scoring (if triggered);
- Ranking and panel confirmation.

4.9 The University is not required to disclose individual scores, ranking positions, scoring thresholds, internal weightings, assessor comments, panel discussions or deliberative materials.

4.10 The University reserves the right not to award all available scholarships.

4.11 Where a selected applicant fails to meet deposit or enrolment requirements by the stated deadline, the University reserves the right to reallocate the scholarship to the next highest ranked eligible applicant.

4.12 All applicants within the same defined intake cohort are assessed under the same eligibility and allocation framework. No individual negotiation of scholarship value is permitted.

5. Application Integrity, Verification and AI Use

5.1 Applicants are responsible for ensuring that all information submitted is accurate, complete and truthful.

5.2 The University reserves the right to verify any information provided in a scholarship application.

5.3 Applications must represent the applicant's own original work.

5.4 The use of Artificial Intelligence (AI) tools to support drafting, language refinement or idea development is permitted. However:

- The content must reflect the applicant's own experiences, perspectives and intent;
- Applicants remain fully responsible for the accuracy and authenticity of their submission;
- Fabricated, misleading or materially inaccurate information is prohibited.

5.5 The University reserves the right to withdraw a scholarship where an application contains materially misleading, plagiarised, fabricated or misrepresented content, whether generated independently or with the assistance of AI tools.

5.6 The University may request clarification or supporting evidence where concerns arise regarding authenticity or accuracy.

6. Awarding, Confirmation and Activation

6.1 Where selected, the Scholarship may be referenced within offer communications. Inclusion does not constitute application of the award to the tuition fee account and does not create unconditional entitlement.

6.2 Payment of the Programme Deposit in full by the stated deadline is the formal trigger for scholarship confirmation.

6.3 The Scholarship will not be applied to the student record unless and until the deposit has been received in full.

6.4 The Scholarship becomes active only upon successful Enrolment.

6.5 Where a student withdraws prior to enrolment, fails immigration compliance checks or does not complete enrolment, the Scholarship will lapse automatically.

6.6 Where a Scholarship has been applied in error, including administrative or system error, Aston University reserves the right to amend or withdraw the award. Application in error does not create entitlement.

6.7 The University reserves the right to audit eligibility, assessment records, fee status and funding status at any stage.

7. Combination and Exclusivity

7.1 A student may normally hold only one Aston University scholarship per programme of study.

7.2 The Scholarship cannot be combined with any other Aston University scholarship, bursary, tuition fee discount or partnership award unless expressly confirmed in writing.

7.3 Where a student is eligible for more than one award, the award of the highest value will normally apply.

7.4 Where tuition fees become wholly or partially sponsored at any stage prior to or during enrolment, the Scholarship will normally be withdrawn.

8. Receiving and Retaining the Scholarship

8.1 The Scholarship will be applied only after deposit payment and successful Enrolment.

8.2 Students must remain fully enrolled and in attendance.

8.3 Students must comply with University regulations and UK immigration requirements.

8.4 If fee status changes from Overseas to Home at any stage prior to or during enrolment, the Scholarship will be withdrawn.

8.5 Where a student withdraws part-way through an academic year, tuition fee liability will be recalculated in accordance with the University's Tuition Fees Charging Policy.

8.6 Students repeating modules are not eligible in respect of repeated study.

8.7 Where a student suspends studies, eligibility will be reassessed in line with University policy.

9. Appeals and Final Decision

9.1 Scholarship decisions are made by a University panel operating in accordance with internal procedures. The panel's decision is final.

9.2 Appeals may only be made on the grounds of procedural error, defined strictly as a demonstrable failure by the University to follow the published Terms and Conditions or stated assessment process.

9.3 Appeals will not be considered based on:

- academic judgement or comparative merit;
- the content, quality or score of an application response;
- disagreement with the outcome of the assessment;
- the exercise of panel discretion;
- the availability, allocation or exhaustion of scholarship places;
- comparisons with other applicants or awards made.

9.4 The University is not required to disclose individual scores, ranking positions, scoring thresholds, assessor comments, internal weightings or panel deliberations in response to an appeal.

9.5 Where no procedural error is identified, the original decision will stand and will not be reconsidered.

9.6 The University will not enter into further correspondence once the appeals process has concluded.

10. Interpretation, Precedence and Governing Law

10.1 In the event of any inconsistency between these Terms and Conditions and any other University publication, webpage, correspondence or third-party communication, these Terms and Conditions shall take precedence.

10.2 Applicants should rely only on these published Terms and Conditions. No informal communication, marketing material, webinar statement, agent representation or partner institution communication shall be binding unless confirmed in writing by Aston University.

10.3 Any discretion exercised by the University does not create precedent or entitlement for other applicants or future intakes.

10.4 These Terms and Conditions are governed by and construed in accordance with the laws of England and Wales.

Terms & Conditions validity
