   The Scholarship is applicable to courses commencing in September 2027, January, April & May 2028. The Scholarship does not apply to courses starting from September 2028.

3. **Self-Financing Requirement**
   To qualify for the Scholarship, you must be self-financing all your tuition fees.

You are considered self-financing if you receive financial support from family or friends or if you are obtaining a postgraduate loan from the UK government. If you receive full or partial funding from a sponsor, you must notify the University immediately, whether the funding is paid directly to the University or to you as a contribution toward your tuition fees.

A sponsor is an employer or other industry or business sponsor, government, research council, charity or another third-party organisation.

You are not self-financing if your fees are being paid by your employer or a third party (other than family and friends) or if you are in receipt of a study grant or scholarship external to the University.

5.2 Where a student is eligible for more than one scholarship/discount the student will be awarded the one of the highest value.

6. **Scholarship Details**

6.1 **Scholarship Amount**
The Scholarship provides a discount of 20% on the tuition fees for the first year of your eligible postgraduate taught course.

6.2 **Duration of Scholarship**
The 20% discount applies only to the first year of the course. It does not extend to any subsequent years or repeating years as a result of withdrawing from, repeating or suspension of studies.

6.3 **Definition of withdrawing from, repeating or suspension of studies**
Aston Scholarships will normally only be available to students who have been in attendance, as defined by the University throughout term one and term two and are still in attendance at the start of term three. Students who withdraw from Aston University part way through an academic year will not be eligible to receive a scholarship in respect of that year. Any Aston Scholarship applied to the student for that academic year will be revoked and the full cost for that period will be recovered.

Students who are repeating their studies are not eligible for scholarships regardless of whether they are repeating with attendance, without attendance, or with partial attendance.

Where a student suspends their studies and takes a Leave of Absence for a complete academic year, no tuition fee is charged and, therefore, the student will not be eligible to receive a scholarship.

Students who suspend their studies part way through an academic year will be eligible to receive a scholarship for the academic terms they have completed in full. Students who

suspend their studies and return from a suspension of studies part way through an academic year will only be eligible to receive a scholarship for the terms they will complete in full. The amount of scholarship will be approved on a pro rata basis and in line with the Tuition Fee Charging Policy for that academic year.

7. **Application and Acceptance**
   To be considered for the Scholarship, eligible Aston graduates must accept their offer for an eligible postgraduate taught programme and meet any additional requirements as outlined by the admissions team.
